

BREAKING NEWS!

MicroOptics & Lanview Merges and gets consolidated under one banner - Lanview.

With the merge of MicroOptics & Lanview we see great synergies and will combined now be even stronger in offering a full scaled solution to our customers.

Besides Rack cabinets, structured cabling & power, Lanview will now be able to offer a full range of optical transceivers, solutions for wireless communication, transmission networking, data center networking and cloud computing.

From 1Gbit all the way up to 400G, Lanview offers a comprehensive product portfolio

Fast delivery

We have stock within all the large OEM brands, such as cisco, HP, Ubiquity, planet, Zyxel and much more. If you need a customized transceiver, DAC or AOC cable we can get it manufactured in only 3 weeks.

High quality

We always use the same grade A hardware, meaning that everytime you order a product with us we can guarantee you the same high quality every single time.

Local support

We have local support in all of Europe, this means you don't have to wait for days, to get a reply to your question.

Approvals

You are guarantied a peace of mind when choosing Lanview transceivers, we have all the necessary approvals, such as ISE, TÜV, Rohs, UKCA, CE.

Huge savings

When you Choose Lanview optical transceivers, you can expect up to 70% savings compared to the original brand.
